ORGANIZATION DESCRIPTION

Since 1971, Jamestown Community Center has been providing learning opportunities and safe spaces for low-income youth in San Francisco's Mission District. Our youth represent the low-income, racially and ethnically diverse community in which they live and attend school. Our strategy is to serve a core group of neighborhood youth with multiple, high-impact programs as they grow through a full range of programs designed to help them transition from children into confident young adults. For over 25 years, Loco Bloco has promoted San Francisco youth's healthy transition into adulthood by engaging them in the creation and performance of music, dance, and theater rooted in Afro-Latino traditions. Loco Bloco encourages its youth to use multicultural art forms as a tool for their own empowerment and as a catalyst to help them overcome discrimination and bring about change in their communities.

Jamestown Community Center and Loco Bloco merged in 2018. Both youth development organizations had long established track records of providing enriching, high-quality programming to youth. We believed that our shared commitment to youth development, our shared love for the Mission community, our shared experience in developing leadership among low-income youth and families, the excellence Loco Bloco brings to arts programming and performance, and the expertise Jamestown brings to academic enrichment, sports and youth development, coupled with our long history of mutual collaboration can result in a better, stronger, more efficient and sustainable organization made up of Loco Bloco and Jamestown.

Programs now include Arts instruction, performance and production educational enrichment, academic tutoring, sports, leadership development, employment, counseling, and parent programs. Throughout these programs, Jamestown aims to provide all participants with the highest-quality youth development experience. This approach builds young people's resiliency as they face their daily challenges and supports their natural inclination to pursue their own growth into healthy, productive young adults. Our work focuses on the innate assets of youth to develop their leadership and ability to challenge discrimination and oppression and to bring about change in their communities.

Our Values:

Accountability	Family	Health
Artivism	Inclusion	Social Justice
Education	Grit	Tradition
